Closures on Pacific Coast Highway (State Route 1) for pavement work

At least one lane will remain open in both directions at all times

MALIBU – The California Department of Transportation (Caltrans) announced plans today to close lanes on portions of Pacific Coast Highway (PCH or State Route 1) in both directions next week to install new pavement.

The closures are along an approximately eight mile stretch of PCH between Cross Creek Road and Morning View Drive in the city of Malibu.

From **Monday, April 16, to Friday, April 20**, the following closures will be in place between **7 p.m. and 6 a.m.:**

- The #2 lane on northbound **AND** southbound PCH between Cross Creek Road and Morning View Drive.

The closures are weather permitting and subject to change.

At least one lane in each direction will be open at all times.

The work on PCH is part of a \$2.2 million project to replace pavement on travel lanes, asphalt on the shoulders and add new shoulder delineation lines at various sections of PCH from Malibu Lagoon to the Los Angeles/Ventura County line.

All American Asphalt of Corona, Calif. is the contractor.

California drivers will see more work to preserve and rehabilitate pavement on freeways and highways as a result of SB 1, the state's new transportation funding. To find transportation projects in Los Angeles and Ventura County that Caltrans and local communities are investing in with SB 1 revenue, visit rebuildingca.ca.gov/map.html.

Caltrans reminds drivers to be "Work Zone Alert."
